Desired Outcome

Welcome, Review Minutes & Agenda, Quick Business

Time: 10

Welcome; make necessary adjustments

Present:

Town Hall Meeting – Nancy

Time: 15

Discussion of items to be brought to the Winter town hall meeting

Proposal to discuss criteria and prioritization for proposals,

idea of having multiple age groups having similar back-to-back offerings.

Proposal to have a THM in early spring to discuss priorities and direction of parent funded activities/classes/etc.

Suggestion for parents proposals to reflect a need in the community and then come up with a need for a larger group of students, more than just our own child(ren). How can we be more thoughtful about our offerings/proposals?

Agenda for THM:

- 1) Introduction – include concerns with scarcity
- 2) Criteria
- 3) History of Funding
- 4) Budget
- 5) Proposals

Middle School students on campus

Time: 25

Discussion about policy regarding middle school-aged students being on campus without parent supervision. Also students are not allowed to leave campus without adult supervision.

Proposal for parents to meet and brainstorm on this bring it to Dale so that he can have someone from the district check it out.

A sign in RC to clarify acceptable behaviors.

Concern that outlier behavior is going to create a backlash that will bring rules or consequences that are unnecessary or more stringent rules than needed.

In district only high schools are open campuses, elementary and middle schools are not open which means kids are expected to stay on campus during the school day.

What will the school board allow?

Suggestion to gather information of other school that allow students to leave campus. Can parents sign a permission for students to come and go? Or leave for lunch?

Any kind of class or activity or event that is school sanctioned is covered by our insurance, school board, etc.

There is a concern about behaviors of students on campus.

Proposal for parents to meet and brainstorm on this bring it to Dale so that he can have someone from the district check it out.
